

The Aviator Series is the only complete line of aviation-specific transfer chairs available. These chairs meet the Air Carrier Access Act and 14 CFR Part 382 guidelines requiring airlines to provide safe and secure assistance to travelers with disabilities. The broad range of products in the Aviator Series allows the airline to select the chair offering the right blend of features to meet their aircraft, budget and customer requirements.

AisleMaster™ Boarding Transfer Chair

The AisleMaster is the premier aisle boarding chair in the North American market. The redesign AisleMaster now boasts weight capacity up to 400 lb. With an innovative, compact, mid-wheel layout designed for the tightest turning radius, 'deadman' brake and lifting handles, the AisleMaster combines ease of use with safety and functionality. The narrow model (AWA-8010) offers all the same great features and an extra narrow wheel track for use in smaller commercial/regional jets with narrower aisles.

FEATURES

- Two wheel track widths: 16" standard and 13" for smaller jets
- Heavy-duty frame construction boasts weight capacity up to 400 lb
- Compact, mid-wheel turning design for the tightest turning radius
- 'Deadman' brake
- Retractable lifting handles
- Flip-up armrests for transfer
- Padded back and seat supports
- Height adjustable padded headrest
- Color-coded crossbody chest belts
- Leg and ankle restraint belts
- Meet Air Carrier Access Act and 14 CFR Part 382

SkyMaster™ Onboard Wheelchair

FEATURES

- 300 lb weight capacity lightweight frame
- Compact, folding design for onboard storage
- Front locking wheels
- Rear locking swivel casters allow for easy maneuvering
- Chest and lap safety belts
- ABS seat and back supports meet FAR requirements
- Meet Air Carrier Access Act and 14 CFR Part 382
