Thevo Mattresses

Thomashilfen
North America

Better Technology – Better Sleep

	ThevoRelief	Memory Foam	Innerspring	Airbed
Technology	State-of-the-art	40 year-old technology	100 year-old technology	30 year-old technology
Body Heat	Keeps you cool through open cell foam	Is known to increase body temperature and trap body heat	Does not keep you cool and can make one overheat	Does not lower body temperature May trap moisture and heat
Construction	Glass Fiber framing, innovative spring-wing supports Open cell Swiss foam	Bare foam, or with box spring	Metal springs that compress and wear out over time	Air-filled rubber chambers
Comfort & Support	Resilient support system and multi-zone pressure surface	Uneven support due to single-zone surface	Uneven support due to single-zone surface	Uneven support due to lack of multi-zone pressure

See what German Engineering and Sleep Expertise can do for your sleep!

What makes Thevo Mattresses so Unique?

1. Ingenious Support system

2. Multi-zone Swiss foam

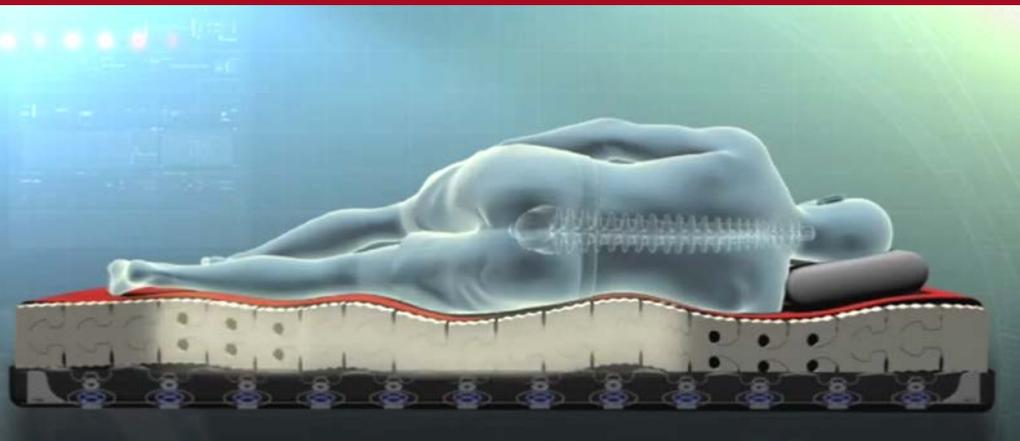

3. Chemical free fire protection

4. Removable cover for easy cleaning
Eliminating dust mites and allergens

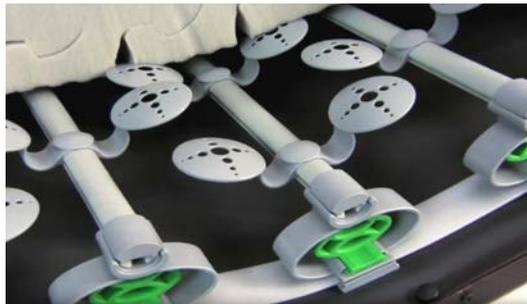

Ingenious Support System

Flexible wings optimally support all areas of your body

In order for your body to be in perfect equilibrium you need more support for your torso than your head. When an ordinary mattress has enough support for your torso, then naturally it causes too much pressure against your head.

Wing suspension
Best Support

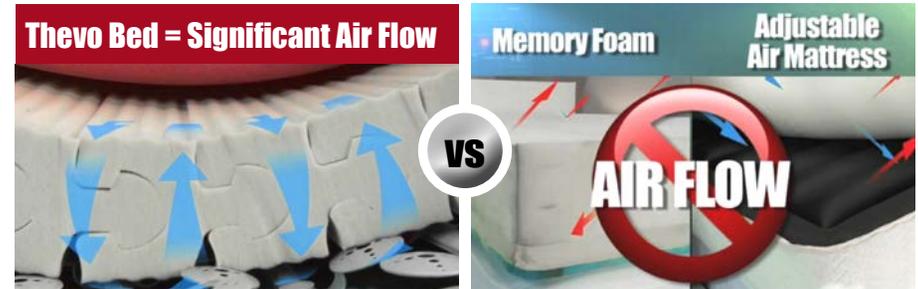

So we created a revolutionary support system built from durable, yet flexible glass fiber compound that perfectly balances your weight to provide proper body alignment, regardless of how you sleep.

Multi-Zone Swiss Foam

Each Thevo sleeping surface is created from unparalleled open-celled comfort foam that's found nowhere else in the world.

With every breath you take, air easily passes through the mattress to ventilate your body and keep you cool.

Superior benefits of modular, interlocking foam designs

Highly resilient, open cell foam (created in Switzerland) allows more air flow (than closed cell) and regulates body temperature

Interlocking foam modules adjust and adapt to the contours of your spine

Unique air chambers offer unprecedented airflow and multi-zone support density

* Customized firmness are available

Removable & Washable Cover

Washable mattress cover

The soft, breathable Jersey cover can be easily zipped off and put in the washer, keeping your mattress clean, free of dust mites and allergens.

Made from a unique "Dry Fit" material that allows just enough airflow for improved ventilation.

Make your choice

Chemicals free fire protection

Many bed companies use harsh, toxic chemicals to provide a fire-retardant mattress. It's the least expensive way to reduce the mattress flammability.

But Thevo is different –

Every Thevo mattress is carefully wrapped in a special fire-retardant sleeve. This material is woven from the same fabric used by race car drivers to protect their bodies from fire. We spare no expense, and only use the highest quality materials available.

Mattress Size	Soft	Medium	Firm
Twin 39" x 75"	69202	69404	69602
Twin XL 38" x 79"	69211	69414	69611
Full 54" x 75"	69208	69413	69609
Queen 60" x 79"	69207	69417	69120
Split King 38" x 79" <i>(comes as 2 pieces) */**</i>	69211	69414	69611
Split Queen 30" x 79" <i>(comes as 2 pieces) **</i>	69212	69411	69610

** Customizable firmness available on Split King and Split Queen*
*** Special order may take up to 8 weeks lead time*

What does Thomashilfen mean?

Gunnar Thomas
CEO Thomashilfen

“ It all began with my grandfather, the master Carpenter Karl Thomas. He set up his own carpentry business in 1935 in Bremervorde in Northern Germany, where the THOMAS Holding head office is still located. Due to a serious illness of his wife, which affected her ability to move, he started to develop aids for her daily living.

For more than four decades, Thomashilfen has been working towards making people feel better. Our goals are health, well being, and positive development, as well as helping people who suffer from pain and sleep issues. ”

That desire to help people became the company's name. Thomashilfen mean's „Thomas Helps“ in German.

Yours

Karl Thomas (far left)
with his staff in the 1930ies
