

**Mobile toilet seats and bath seats provide carers with the best possible working conditions!**

# Flamingo High-low™

# Flamingo High-low is a modern height adjustable toilet and shower seat, allowing carers to perform bathing tasks in a convenient and good working position. The Flamingo High-low is available in 4 sizes.

PU

FRAME

500 & 570 mm

640 & 760 mm

860 - 1200 mm

max. 70 kg

## Adaptation of working conditions

Height adjustability eases transition between shower, toilet and sink and provides optimum working conditions for the carer

## Optimum positioning

The Flamingo High-low offers simple tilt-in-space and back recline functions. It is very easy to position the user with knees higher than the hips which has been proven very effective for bowel function

## Easy to use

The Flamingo High-low has easily accessible foot pedals for height adjustment and tilt-in-space. The pedals are equipped with security locks for added safety

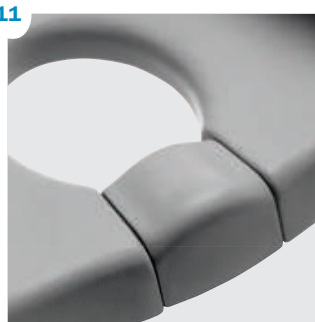

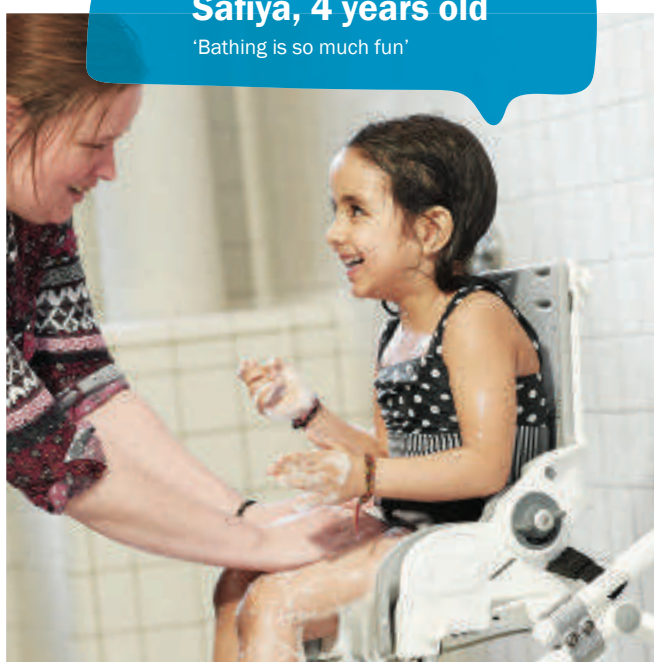

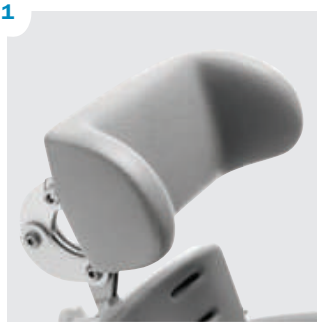

## Inlay seat with wider sides for comfort and reduced seat width
