

R82<sup>®</sup>

# Kudu<sup>™</sup>

**The Kudu is a practical wheelchair which combines form and functionality to provide the right fit and support for a comfortable posture. The Kudu is available in 4 sizes.**

FABRIC

FRAME

260 - 380 mm

220 - 450 mm

370 - 630 mm

max. 60 kg

### Growth adaptable

The base of the seat and the back rest are equipped with a mechanism that makes it possible to adjust height and depth as well as mount fix-locks for seatbelts and harness

**Accessories are easily added and removed as needed for maximum user comfort**

### Centre of gravity

To adapt to different needs, the seat has a centre of gravity making it possible to adjust the rear wheels in 3 different positions

### Safe transportation

The Kudu complies with ISO 7171-19 for transporting children up to 57 kg in motor vehicles

## Accessories
